United Heckathorn - channel traffic for the week of august 31	07/31/2009 04:51 PM

Item Body

Hi, Jim,

We plan to conduct water column sampling and deploying the sampling equipment the week of August 31 (most likely 9/1 and 9/2). I want to be sure there is no ship or barge traffic that would adversely impact our work. This includes Manson's activities in the channel. Please contact me as soon as possible since we need to firm up our sampling schedule by August 6. Several folks will be traveling from the east coast to perform this work. We also need to have our equipment ready.

Thanks.

Sharon Lin, P.E.
